JPL Telecom and 3Tech Limited Announce Distribution Partnership

A wide-range of JPL Telecom's headsets are now available throughout Malta and Cyprus.

Dorset, England and Mosta, Malta – February 28th, 2019 – JPL Telecom Limited and 3Tech Limited, today announced a partnership. Under this partnership, JPL Telecom's world-class headsets will complement 3Tech's portfolio of telecom products to provide holistic solutions to the market.

"I am extremely pleased and excited with the new partnership with 3Tech," said James Clarke, Founder & CEO of JPL Telecom Limited. "We wanted to make sure that 3Tech's customers have more options when it comes to their telecom headsets. All our headsets offer high quality standards with advanced noise cancellation using Surround Shield™ technology and some with patented design industry firsts. Our partnership with 3Tech is part of a growing commitment and support to our partners in the telecoms and UC channel. JPL Telecom will be releasing more new products throughout 2019 – a new UC wireless DECT headset with four patented designs, a Bluetooth headset, a new concept design, more USB headsets as well as complimentary accessories."

"We are proud and excited with this new partnership with JPL Telecom, since the world class quality of JPL headsets will further enhance our expanding portfolio of Telecom Solutions in support of the country's unprecedented digital economic growth" quoted Joseph Bugeja, Managing Director of 3Tech.
